Risk Factors

Kvalitena AB (publ) (the “Company”), a public limited liability company incorporated under the laws of Sweden with Reg. No. 556527-3314, will issue notes (the “Notes”) in the amount of SEK 600,000,000, which will be governed by certain terms and conditions (the “Terms and Conditions”).

Unless otherwise defined herein, terms defined in the Terms and Conditions have the same meanings when used in these risk factors.

The Company’s business is to hold and manage its directly and indirectly owned subsidiaries and associated companies. The business operations of its subsidiaries and associated companies mainly consist of owning, managing and developing residential, industrial and commercial properties (the “Properties”). The Company and its subsidiaries are hereinafter jointly referred to as the “Group”.

Investments in notes always entail a certain degree of risk and this is also the case for an investment in the Notes. A number of factors, both within the Company’s control but also factors not controllable by the Company, affect, or could affect, the Company’s profit, financial position and the Notes. Described below, in no particular order of importance and without claim to be exhaustive, are the risk factors and significant circumstances considered to be material to the Company’s business and future development. The risk factors currently applicable, both general risks attributable to the Company’s operations and risks linked directly to the Notes in their capacity of financial instruments, are described below. The intention is to describe risks that are linked to the Company’s business and thus also the Company’s ability to fulfil its obligations in accordance with the Terms and Conditions and the market risks associated with the Notes.

Before making a decision about acquisition of the Notes, any potential investors should carefully consider the risk factors described below, as well as any other provided information about the Company and the Notes. In addition, an investor must, alone or together with its financial and other advisers, engage in a general evaluation of external facts, other provided information and general information about the real estate market and real estate companies from its own perspective. An investor should have adequate knowledge to evaluate the risk factors as well as sufficient financial strength to bear these risks.

Additional risk factors that are not currently known or not currently considered to be material may also affect the Company’s future operations, performance, result and financial position, and thus the Company’s ability to fulfil its obligations in accordance with the Terms and Conditions.

All risk factors described below may potentially adversely affect the Company’s operations, financial position and result. In turn this would affect the Company’s ability to fulfil its obligations in accordance with the Terms and Conditions.

Risks relating to the Company

Macroeconomic factors

The real estate business is to a large extent affected by macroeconomic factors such as the general economic trend, regional economic development, employment rate development, production rate of new premises, changes of infrastructure, inflation and interest rates. The development of the economy is a material factor for supply and demand on the real estate market and accordingly affects vacancy and rental rates for the properties.

Expectations regarding the inflation affect the interest rate and therefore affect the Company's net financial income. The interest cost for debts to financial institutions is one of Company's main cost items. In the long term, changes in the interest rate have a significant effect on the Company's result and cash flow. Inflation also affects the Company's costs. In addition, changes in the interest rate and the inflation also affect the yield requirements and thus the market value of the Properties.

A higher vacancy ratio and interest rates, increased costs and lower rents could adversely effect the Company's operations, earnings and financial position.

Geographical risks

The supply and demand for properties and the return on property investments varies between different geographical markets and may develop differently within geographical markets. The Company's Properties are mainly located in the greater Stockholm region and the Mälaren Valley (Sw. *Mälardalen*). If the demand for premises to lease declines in such markets, it could adversely affect the Company's operations, result and financial position.

Technical risks

Real estate investments involve technical risks. A technical risk can be described as the risk related to the technical operations of the Property, such as the risk of defects relating to the construction of the Property, other latent shortcomings or deficiencies, damages (for instance due to fire or other forces of nature) and environmental hazards. If any technical problems should occur, such occurrence may result in significantly increased costs for the Properties which in turn may adversely affect the Company's financial position and results.

Operating and maintenance costs

Operating costs of Properties are mainly costs that are tariff-based, such as costs for electricity, cleaning, water and heating. When a cost increase is not compensated through regulation of the lease, or an increase in rent by renegotiation of the lease agreement, it may have a negative effect on the Company's financial position and results. In the event of vacancies, the Company's result may be affected mainly by loss of revenue.

Maintenance costs include costs that are necessary in order to maintain the standard of Properties in the long term. The occurrence of unforeseen and extensive renovation needs on Properties may have a negative effect on the Company's earnings and cash flows.

Holding company risks

The Company is a diversified real estate investment company and the Group's operations are mainly run through its subsidiaries. The Company is hence dependent on its subsidiaries to fulfil its obligations under the Notes. The Group intends to provide the Company with liquidity by way of intra-group loans, dividends or other transfers of value in order for the Company to fulfil its obligations under the Notes. However, if the subsidiaries do not provide liquidity, or due to other circumstances, conditions, laws or regulations are prevented from providing liquidity to the Company, there is a risk that the Company will not be able to fulfil its obligations under the Notes.

Dependency on members of management and other key personnel

The knowledge, experience and commitment of the Company's employees are important for the Company's future development. If the Company is unable to retain members of management and other key personnel, or recruit new members of management or other key personnel to replace people who leave the Company, it may have a negative effect on the Company's operations, financial position and results.

Transactions

The Company's Property portfolios may vary over time and acquisition and sale of additional Properties are a part of the Company's and the Group's ordinary business and involve a degree of risk and uncertainty. This may lead to that attractive Properties are disposed of whereas less attractive Properties may be acquired. If attractive Properties were to be disposed of or less attractive Properties were to be acquired the market value of the Company's Property portfolios could decrease which may have a negative effect on the Company's financial position and results.

The disposal of Properties within the Group could also have a significant negative effect on the Company's cash flow if such Properties are sold at a low price. If the Properties are sold to a lower price than expected, this could have a negative effect on the Company's financial position and results.

Risks relating to developing projects

Developing new Property as well as renovating existing Property involves risks that customer demand is miscalculated. There is a risk that such miscalculation leads to unsold premises, lower profitability for the project and undesired tied-up capital on the balance sheet. If developing new Property or renovating existing Properties turns out less profitable than expected, premises remain unsold and the Company has undesired tied-up capital on the balance sheet, there is a risk that this could have a negative effect on the Company's financial position and results.

Risks relating to local plans and permits for new construction and re-construction

Property development projects (including new construction, re-construction of buildings or change of use) is subject to permits and decisions from authorities unless such are already in place. Such permits and decisions may not always be granted which can cause delays, increased costs and even jeopardize project realization. Further, modified municipal planning may lead to local plans not being approved causing delays and increased costs pertaining to necessary restructuring of the project. If necessary permits or approvals are not obtained, cause delays, increase costs or even jeopardize the project's realization, this could have a negative effect on the Company's financial position and results.

Changes in value of Properties

The Group's Properties are reported at fair value in the balance sheet and with changes in value in the profit and loss account. There is a risk that different factors cause the Group to write down the fair value of its Properties, which may adversely affect the Group's result and financial position.

There is a risk that both factors which are Property specific (rent levels, occupancy ratio and operative expenses) and market specific (macroeconomic effects, general economic trends, growth, unemployment levels, the rate of production of new premises, population growth, inflation and interest rates) cause the Group to write down the fair value of its Properties.

If the value of the Properties decreases, causing the Group to write down the value of them, it could result in a number of consequences, such as a breach of the covenants of the loans owed by the Group from time to time could occur, which in turn could result in such loans being accelerated prior to maturity and consequently affecting the liquidity of the Group. A material decrease of the market value of the Properties would also have a negative impact on the Group's possibilities to dispose of its Properties without incurring losses, which in turn may have a negative effect on the Group's financial position and results.

Changes in value of listed shares owned by the Company

Some of the Company's subsidiaries and associated companies are listed companies whose shares are traded on a regulated market. Such investments are exposed to share price fluctuations in the stock market. It should be noted that the Company may be affected by the fluctuation of share prices in the stock market as such fluctuation may have an effect on the value of a part of the Company's assets thus indirectly affecting the value and credit-worthiness of the Company.

Environmental risks

Property management includes environmental risks. According to Swedish legislation, the party that has conducted operations which have caused contamination is responsible for remediation of the contaminated property. If such party is not able to carry out or pay for the remediation of a contaminated property, the party who acquired the property and was aware of the contamination at the time of acquisition or ought to have detected it then shall be liable for remediation. If claims for remediation regarding any of the Properties should be put forward to the Group, this may have a negative effect on the Company's financial position and results.

Counterparty risk

The Group's current and potential customers may find themselves in situations, for example due to financial circumstances, where they cannot pay the agreed rent as it falls due or otherwise abstain from fulfilling their obligations. Further, new developments and renovation projects may be delayed due to suppliers not being able to deliver on time or contractors being unable to finish projects as planned. If the Group's counterparties are unable or unwilling to fulfil their obligations towards the Group, it may have a negative effect on the Group's financial position and results.

In addition, counterparty risks within the Group's financial operations arise, inter alia, in the event of investment of excess liquidity, if derivatives are entered into and upon obtaining long-term and short-term credit agreements. If any counterparty risk arises it may have a negative effect on the Group's financial position and results.

Competition

The Group operates in a competitive industry. The Group's competitiveness is, amongst other things, dependent on its ability to predict future changes in the industry and to quickly adapt to current and future market needs. It may become necessary for the Group to make significant investments, restructuring operations or price reductions in order to adapt to new competition. If the Group has to make significant investments, restructurings or price reductions due to increased competition, it may have a negative effect on the Company's financial position and results.

Liquidity risk

Liquidity risk is the risk that the liquid assets of the Company are not sufficient to meet its payment obligations at the maturity date or that the Company cannot dispose of securities at a fair price. The Company will be dependent on available liquidity in order to fulfil its obligations, making investments and paying interest and amortization costs related to its financing. If the Company does not have sufficient liquidity to fulfil its obligations this could have a negative effect on the Company's business, results of operations and financial position.

Refinancing risk

The financial costs could be higher and/or the refinancing possibilities could be limited or non-existent when the Notes or other debt owed by the Company or the Group falls due and needs to be refinanced. This in turn could affect the Company's and/or the Group's liquidity and consequently affect the possibility to repay debt as it falls due.

Covenants in credit agreements

If the Group is in breach of any of its covenants (e.g. financial covenants) in its loan agreements, there is a risk that the loans are being accelerated, leading to immediate repayment or the creditor taking possession of security. There is a risk that such breach could adversely affect the Company's business, results of operations and financial position.

Interest-rate risk

Other than equity, the Group's operations are mainly financed by loans from credit institutions and issue of notes. Interest expenses are therefore one of the Group's main cost items. Interest rate risk is described as the risk that changes in interest rates affect the Group's interest expense. Interest expenses are mainly affected by, besides the extent of interest-bearing debt, the level of current market interest rates, credit institutions' margins and the Company's strategy regarding interest rate fixation periods. The Swedish market for interest rates is mainly affected by the expected inflation rate and The Swedish National Bank's (Sw. Riksbanken) repurchase rate (Sw. reporäntan).

A major part of the Group's credit agreements include floating interest rates. To manage interest rate risk, the Group aims to have interest rate swaps covering 40 - 50 per cent of its total outstanding loans. The interest rate derivatives are reported at fair value in the balance sheet and with changes in value in the profit and loss account. The derivatives constitute a hedging against higher interest rates, but this also implies that the market value of the Group's interest rate derivatives decreases if the market interest rates decrease, which in turn has a negative impact on the Company's financial position and result.

Repute risk

The Group is dependent on its good reputation. The Group's reputation is particularly important in relation to new and current tenants. As an example, operative problems or maintenance problems could damage the Group's reputation, which could lead to difficulties obtaining new or keeping current tenants. Damage to the Group's reputation could lead to loss of income or loss of growth potential, which may have a negative effect on the Group's business, results of operations and financial position.

New or amended legislation

A change in the current tax legislation resulting in increased Property tax or reduced possibilities for interest deductions would result in the Group facing an increased tax burden. There is a risk that such increased tax burden affects the Company's result and financial position.

There is risk that new legislation or regulations or changes regarding the application of existing legislation or regulations, regarding for example building permits or other matters applicable to the Group's operations or its clients or the Notes, affects the Company's financial ability to complete building projects. In turn, there is a risk that this adversely affects the Company's results of operations, its revenues and financial position.

Disputes and litigation

The Company faces the risk of litigation and other proceedings in relation to its business. Even if the Company believes it has appropriately provided for the financial effects of litigation or other proceedings, the outcomes of any litigation may differ from management expectations exposing the Company to unexpected costs and losses, reputational and other non-financial consequences and diverting management attention. For example, the outcome of litigation and other proceedings may not correspond to the way the outcome is perceived by the market, and the Company's reputation may be impacted in a way which adversely affects its results of operations and financial position.

Risks relating to the Notes

Credit risks

Investors in the Notes are exposed to credit risk in relation to the Company. An investor's possibility to obtain payment in accordance with the Terms and Conditions is therefore dependent on the Company's ability to meet its payment obligations. The Company's financial position is affected by a number of factors. An increase in credit risk may also cause the market to price the Notes with a higher risk premium, which could adversely affect the value of the Notes.

Currency risks

The Company will pay interest and the principal amount of the Notes in SEK (the lawful currency in Sweden). This will incur currency exchange risks if the investor's operations are mainly conducted in a different currency. A currency exchange risk involves a risk for significant currency exchange rate movements, including devaluation and revaluation, as well as the risk for implementation or amendments to existing currency regulations. A strengthening of the investor's base currency compared to the currency in which the placement is denominated decreases the value of the placement for the investor. Governments and authorities can implement currency

controls or currency regulations that will have an impact on the currency exchange rate. The result could be that a Noteholder receives a lower rate of return, final payment or nominal amount than expected.

Bankruptcy and similar events and risk of priority

The Company has, as part of its financing, incurred debts to credit institutions and by issue of notes. Certain real estate and share certificates in the Company's real estate owning subsidiaries have in connection therewith been pledged as security. Such loans normally constitute a preferential claim on the Company. The Company intends to continue seeking appropriate and profitable financing in which case further pledges, as part of such new loans, may be provided.

The Notes are partly secured obligations of the Company. The security consists of a share pledge and a pledge over a debt service reserve account securing an amount equal to the aggregate sum of interest projected to become due and payable under the Terms and Conditions during a twelve month period. To the extent the Notes are secured, a preferential claim on the Company is created and the Noteholders will normally receive payment prior to any oprioritised creditors in the event of the Company's liquidation, company reorganisation or bankruptcy. To the extent the Notes are unsecured, every investor should be aware that by investing in the Notes, it risks losing parts of its investment in the event of the Company's liquidation, bankruptcy or company reorganisation.

The right to payment under the Notes will be structurally subordinated to the right of payment relating to debt incurred by subsidiaries of the Company.

Voluntary early redemption

In certain cases, the Company has pursuant to the Terms and Conditions a right to redeem the Notes prior to the Maturity Date. Such a right for the Company could affect the market value of the Notes. During a period when the Company is entitled to voluntarily redeem the Notes, the market value of the Notes will most likely not be significantly higher than the redemption price set out in the Terms and Conditions. Such effects could also arise prior to the actual redemption period.

The Company could exercise its right to early redemption of the Notes when the market value of the Notes is higher than the relevant redemption price, which could affect the investor's possibilities to re-invest the repaid amount on the same terms as the terms of the redeemed Notes. The investor should thus contemplate the risks involved in a voluntary early redemption or for that matter, the absence of an expected voluntary redemption, in light of alternative investment options available.

Mandatory early redemption

Upon the occurrence of certain events, the Company is obliged under the Terms and Conditions to mandatorily redeem the Notes at a price and on the terms set out in the Terms and Conditions. If this occurs, the Company will be exposed to an increased liquidity risk, i.e. the risk that the Company cannot fulfil its financial obligations due to a shortage of available cash or cash equivalent assets and that such financial obligations can only be fulfilled at a high financing cost or, in a worst case scenario, not at all.

Secondary market and liquidity risk

Even if the Notes are to be listed on a regulated market such as Nasdaq Stockholm and available for trading on that market, there may not always be a demand for, and trade in, the Notes. This can result in investors being unable to sell their Notes at a desired time or to a return which is comparable to similar investments that have an existing and functioning secondary market. This lack of an efficient market place and a liquid secondary market may adversely affect the market value of the Notes.

Euroclear

The Notes are connected to Euroclear's account-based system, which means that no physical Notes have been or will be issued. Clearing and settlement relating to the Notes, as well as payment of interest and redemption of the principal amount of the Notes, will be performed within Euroclear's account-based system. The investors are therefore dependent on the functionality of Euroclear's account-based system. If, due to any obstacle for Euroclear, the Company cannot make a payment or repayment, such payment or repayment may be postponed until the obstacle has been removed. Consequently, there is a risk that Noteholders receive payment under the Notes later than expected.

Meeting of Noteholders

The Terms and Conditions include certain conditions regarding the meeting of Noteholders. Such meetings may be held in order to resolve matters inter alia relating to the Noteholders' interests under the Notes. The Terms and Conditions allow for stated majorities to bind all Noteholders, including Noteholders who have not participated in or voted at the actual meeting in question or who have voted differently than the required majority, to decisions that have been taken at a duly convened and conducted Noteholders' meeting. Consequently, there is a risk that a Noteholder is bound by resolutions which negatively affect the value of the Notes even if the certain Noteholder did not vote in favour of such resolutions or did not participate in the meeting of Noteholders.

This Prospectus has been prepared in relation with the Company applying for admission of trading of the Notes on Nasdaq Stockholm and in accordance with the Commission Regulation (EC) no 809/2004 of 29 April 2004 implementing Directive 2003/71/EC of the European Parliament and of the Council and the rules and regulations in Chapter 2 of the Swedish Financial Instruments Trading Act.

If no such rate is available, the most recently published rate shall be used instead.

1.2.3 A notice shall be deemed to be sent by way of press release if it is made available to the public within Sweden promptly and in a non-discriminatory manner.

- 1.2.4 No delay or omission of the Agent or of any Noteholder to exercise any right or remedy under the Finance Documents shall impair or operate as a waiver of any such right or remedy.

2 Status of the Notes

- 2.1 The Notes are denominated in Swedish Kronor and each Note is constituted by these Terms and Conditions. The Issuer undertakes to make payments in relation to the Notes and to comply with these Terms and Conditions.
- 2.2 By subscribing for Notes, each initial Noteholder agrees that the Notes shall benefit from and be subject to the Finance Documents and by acquiring Notes, each subsequent Noteholder confirms such agreement.
- 2.3 The nominal amount of each Note is SEK 1,000,000 (the “**Nominal Amount**”). The aggregate nominal amount of the Notes as of the Issue Date is SEK 600,000,000. All Notes are issued on a fully paid basis at an issue price of 100 per cent. of the Nominal Amount.
- 2.4 The Notes constitute direct, unconditional and partly secured obligations of the Issuer and shall at all times rank at least *pari passu* with all direct, unconditional and unsecured obligations of the Issuer.
- 2.5 The Notes are freely transferable but the Noteholders may be subject to purchase or transfer restrictions with regard to the Notes, as applicable, under local laws to which a Noteholder may be subject. Each Noteholder must ensure compliance with such restrictions at its own cost and expense.
- 2.6 No action is being taken in any jurisdiction that would or is intended to permit a public offering of the Notes or the possession, circulation or distribution of any document or other material relating to the Issuer or the Notes in any jurisdiction other than Sweden, where action for that purpose is required. Each Noteholder must inform itself about, and observe, any applicable restrictions to the transfer of material relating to the Issuer or the Notes.

3 Use of proceeds

The Issuer shall use the proceeds from the issue of the Notes, less the costs and expenses incurred by the Issuer in connection with the issue of the Notes, for refinancing of the Existing Market Loan, transferring the Debt Service Reserve Amount to the Debt Service Reserve Account and general corporate purposes of the Group.

4 Conditions for disbursement

- 4.1 The Issuer shall provide to the Agent, prior to the Issue Date, the documents and other evidence set out in Schedule 1 (*Conditions Precedent relating to Notes*) in form and substance satisfactory to the Agent (acting reasonable).

4.2 The Agent may assume that the documentation delivered to it pursuant to Clause 4.1 is accurate, correct and complete unless it has actual knowledge that this is not the case, and the Agent does not have to verify the contents of any such documentation.

4.3 The Agent shall confirm to the Issuing Agent when the conditions in Clause 4.1 have been satisfied.

5 Escrow of proceeds

5.1 The Issuer undertakes to procure that at least the Refinancing Proceeds are transferred to the Escrow Account immediately on the Issue Date. The Refinancing Proceeds standing to the credit of the Escrow Account shall be blocked and pledged by the Issuer in favour of the Noteholders pursuant to the Escrow Account Pledge Agreement.

5.2 The Agent shall instruct the Account Bank to release the pledge over the Escrow Account to allow the CSD to withdraw the Refinancing Proceeds from the Escrow Account for the purpose of redeeming the Existing Market Loan on the redemption date notified to the Agent by the Issuer.

6 Notes in book-entry form

6.3 The Issuer (and the Agent when permitted under the CSD's applicable regulations) shall be entitled to obtain information from the debt register (*skuldbok*) kept by the CSD in respect of the Notes. At the request of the Agent, the Issuer shall promptly obtain such information and provide it to the Agent.

6.4 For the purpose of or in connection with any Noteholders' Meeting or any Written Procedure, the Issuing Agent shall be entitled to obtain information from the debt register kept by the CSD in respect of the Notes.

6.5 The Issuer shall issue any necessary power of attorney to such persons employed by the Agent, as notified by the Agent, in order for such individuals to independently obtain information directly from the debt register kept by the CSD in respect of the Notes. The Issuer may not revoke any such power of attorney unless directed by the Agent or unless consent thereto is given by the Noteholders.

7 Right to act on behalf of a Noteholder

- 7.1 If any person other than a Noteholder wishes to exercise any rights under the Finance Documents, it must obtain a power of attorney or other proof of authorisation from the Noteholder or a successive, coherent chain of powers of attorney or proofs of authorisation starting with the Noteholder and authorising such person.
- 7.2 A Noteholder may issue one or several powers of attorney to third parties to represent it in relation to some or all of the Notes held by it. Any such representative may act independently under the Finance Documents in relation to the Notes for which such representative is entitled to represent the Noteholder and may further delegate its right to represent the Noteholder by way of a further power of attorney.
- 7.3 The Agent shall only have to examine the face of a power of attorney or other proof of authorisation that has been provided to it pursuant to Clause 7.2 and may assume that it has been duly authorised, is valid, has not been revoked or superseded and that it is in full force and effect, unless otherwise is apparent from its face.

8 Payments in respect of the Notes

- 8.1 Any payment or repayment under the Finance Documents, or any amount due in respect of a repurchase of any Notes, shall be made to such person who is registered as a Noteholder on the Record Date prior to an Interest Payment Date or other relevant due date, or to such other person who is registered with the CSD on such date as being entitled to receive the relevant payment, repayment or repurchase amount.
- 8.2 If a Noteholder has registered, through an Account Operator, that principal and interest shall be deposited in a certain bank account, such deposits will be effected by the CSD on the relevant payment date. In other cases, payments will be transferred by the CSD to the Noteholder at the address registered with the CSD on the Record Date. Should the CSD, due to a delay on behalf of the Issuer or some other obstacle, not be able to effect payments as aforesaid, the Issuer shall procure that such amounts are paid to the persons who are registered as Noteholders on the relevant Record Date as soon as possible after such obstacle has been removed.
- 8.3 If, due to any obstacle for the CSD, the Issuer cannot make a payment or repayment, such payment or repayment may be postponed until the obstacle has been removed. Interest shall accrue in accordance with Clause 9.4 during such postponement.
- 8.4 If payment or repayment is made in accordance with this Clause 8, the Issuer and the CSD shall be deemed to have fulfilled their obligation to pay, irrespective of whether such payment was made to a person not entitled to receive such amount.
- 8.5 The Issuer is not liable to gross-up any payments under the Finance Documents by virtue of any withholding tax, public levy or the similar.

9 Interest

- 9.1 Each Note carries Interest at the Interest Rate from (but excluding) the Issue Date up to (and including) the relevant Redemption Date.

- 9.2 Interest accrues during an Interest Period. Payment of Interest in respect of the Notes shall be made to the Noteholders on each Interest Payment Date for the preceding Interest Period.
- 9.3 Interest shall be calculated on the basis of the actual number of days in the Interest Period in respect of which payment is being made divided by 360 (actual/360-days basis).
- 9.4 If the Issuer fails to pay any amount payable by it on its due date, default interest shall accrue on the overdue amount from (but excluding) the due date up to (and including) the date of actual payment at a rate which is two (2) per cent. higher than the Interest Rate. Accrued default interest shall not be capitalised. No default interest shall accrue where the failure to pay was solely attributable to the Agent or the CSD, in which case the Interest Rate shall apply instead.

Any excess funds after the application of proceeds in accordance with paragraphs (a) to (d) above shall be paid to the Issuer.

- 17.2 If a Noteholder or another party has paid any fees, costs, expenses or indemnities referred to in Clause 17.1(a), such Noteholder or other party shall be entitled to reimbursement by way of a corresponding distribution in accordance with Clause 17.1(a).
- 17.3 Funds that the Agent receives (directly or indirectly) in connection with the acceleration of the Notes constitute escrow funds (*redovisningsmedel*) and must be held on a separate interest-bearing account on behalf of the Noteholders and the other interested parties. The Agent shall arrange for payments of such funds in accordance with this Clause 17 as soon as reasonably practicable.
- 17.4 If the Issuer or the Agent shall make any payment under this Clause 17, the Issuer or the Agent, as applicable, shall notify the Noteholders of any such payment at least fifteen (15) Business Days before the payment is made. Such notice shall specify the Record Date, the payment date and the amount to be paid. Notwithstanding the foregoing, for any Interest due but unpaid the Record Date specified in Clause 8.1 shall apply.

18 Decisions by Noteholders

- 18.1 A request by the Agent for a decision by the Noteholders on a matter relating to the Finance Documents shall (at the option of the Agent) be dealt with at a Noteholders' Meeting or by way of a Written Procedure.
- 18.2 Any request from the Issuer or a Noteholder (or Noteholders) representing at least ten (10) per cent. of the Adjusted Nominal Amount (such request may only be validly made by a person who is a Noteholder on the Business Day immediately following the day on which the request is received by the Agent and shall, if made by several Noteholders, be made by them jointly) for a decision by the Noteholders on a matter relating to the Finance Documents shall be directed to the Agent and dealt with at a

Noteholders' Meeting or by way a Written Procedure, as determined by the Agent. The person requesting the decision may suggest the form for decision making, but if it is in the Agent's opinion more appropriate that a matter is dealt with at a Noteholders' Meeting than by way of a Written Procedure, it shall be dealt with at a Noteholders' Meeting.

18.3 The Agent may refrain from convening a Noteholders' Meeting or instigating a Written Procedure if (i) the suggested decision must be approved by any person in addition to the Noteholders and such person has informed the Agent that an approval will not be given, or (ii) the suggested decision is not in accordance with applicable laws.

18.4 Only a person who is, or who has been provided with a power of attorney pursuant to Clause 7 (*Right to act on behalf of a Noteholder*) from a person who is, registered as a Noteholder:

- (a) on the Record Date prior to the date of the Noteholders' Meeting, in respect of a Noteholders' Meeting, or
- (b) on the Business Day specified in the communication pursuant to Clause 20.3, in respect of a Written Procedure,

may exercise voting rights as a Noteholder at such Noteholders' Meeting or in such Written Procedure, provided that the relevant Notes are included in the definition of Adjusted Nominal Amount.

18.5 The following matters shall require the consent of Noteholders representing at least two thirds (2/3) of the Adjusted Nominal Amount for which Noteholders are voting at a Noteholders' Meeting or for which Noteholders reply in a Written Procedure in accordance with the instructions given pursuant to Clause 20.3:

- (a) a change to the terms of any of Clause 2.1, and Clauses 2.4 to 2.6;
- (b) a reduction of the premium payable upon the redemption or repurchase of any Note pursuant to Clause 10 (*Redemption and repurchase of the Notes*);
- (c) a change to the Interest Rate or the Nominal Amount;
- (d) a change to the terms for the distribution of proceeds set out in Clause 17 (*Distribution of proceeds*);
- (e) a change to the terms dealing with the requirements for Noteholders' consent set out in this Clause 18 (*Decisions by Noteholders*);
- (f) a change of issuer, an extension of the tenor of the Notes or any delay of the due date for payment of any principal or interest on the Notes;
- (g) a mandatory exchange of the Notes for other securities; and
- (h) early redemption of the Notes, other than upon an acceleration of the Notes pursuant to Clause 16 (*Acceleration of the Notes*) or as otherwise permitted or required by these Terms and Conditions.

18.6 Any matter not covered by Clause 18.5 shall require the consent of Noteholders representing more than 50 per cent. of the Adjusted Nominal Amount for which Noteholders are voting at a Noteholders' Meeting or for which Noteholders reply in a

Written Procedure in accordance with the instructions given pursuant to Clause 20.3. This includes, but is not limited to, any amendment to, or waiver of, the terms of any Finance Document that does not require a higher majority (other than an amendment permitted pursuant to Clause 21.1(a) or (b)), an acceleration of the Notes.

- 18.7 Quorum at a Noteholders' Meeting or in respect of a Written Procedure only exists if a Noteholder (or Noteholders) representing at least fifty (50) per cent. of the Adjusted Nominal Amount in case of a matter pursuant to Clause 18.5, and otherwise twenty (20) per cent. of the Adjusted Nominal Amount:
- (g) if at a Noteholders' Meeting, attend the meeting in person or by telephone conference (or appear through duly authorised representatives); or
 - (h) if in respect of a Written Procedure, reply to the request.
- 18.8 If a quorum does not exist at a Noteholders' Meeting or in respect of a Written Procedure, the Agent or the Issuer shall convene a second Noteholders' Meeting (in accordance with Clause 18.1) or initiate a second Written Procedure (in accordance with Clause 19.1), as the case may be, provided that the relevant proposal has not been withdrawn by the person(s) who initiated the procedure for Noteholders' consent. The quorum requirement in Clause 18.7 shall not apply to such second Noteholders' Meeting or Written Procedure.
- 18.9 Any decision which extends or increases the obligations of the Issuer or the Agent, or limits, reduces or extinguishes the rights or benefits of the Issuer or the Agent, under the Finance Documents shall be subject to the Issuer's or the Agent's consent, as appropriate.
- 18.10 A Noteholder holding more than one Note need not use all its votes or cast all the votes to which it is entitled in the same way and may in its discretion use or cast some of its votes only.
- 18.11 The Issuer may not, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any Noteholder for or as inducement to any consent under these Terms and Conditions, unless such consideration is offered to all Noteholders that consent at the relevant Noteholders' Meeting or in a Written Procedure within the time period stipulated for the consideration to be payable or the time period for replies in the Written Procedure, as the case may be.
- 18.12 A matter decided at a duly convened and held Noteholders' Meeting or by way of Written Procedure is binding on all Noteholders, irrespective of them being present or represented at the Noteholders' Meeting or responding in the Written Procedure. The Noteholders that have not adopted or voted for a decision shall not be liable for any damages that this may cause other Noteholders.
- 18.13 All costs and expenses incurred by the Issuer or the Agent for the purpose of convening a Noteholders' Meeting or for the purpose of carrying out a Written Procedure, including reasonable fees to the Agent, shall be paid by the Issuer.
- 18.14 If a decision shall be taken by the Noteholders on a matter relating to the Finance Documents, the Issuer shall promptly at the request of the Agent provide the Agent with a certificate specifying the number of Notes owned by Group Companies or (to

the knowledge of the Issuer) Affiliates, irrespective of whether such person is directly registered as owner of such Notes. The Agent shall not be responsible for the accuracy of such certificate or otherwise be responsible to determine whether a Note is owned by a Group Company or an Affiliate.

- 18.15 Information about decisions taken at a Noteholders' Meeting or by way of a Written Procedure shall promptly be sent by notice to the Noteholders and published on the websites of the Group and the Agent, provided that a failure to do so shall not invalidate any decision made or voting result achieved. The minutes from the relevant Noteholders' Meeting or Written Procedure shall at the request of a Noteholder be sent to it by the Issuer or the Agent, as applicable.

19 Noteholders' Meeting

- 19.1 The Agent shall convene a Noteholders' Meeting by sending a notice thereof to each Noteholder no later than five (5) Business Days after receipt of a request from the Issuer or the Noteholder(s) (or such later date as may be necessary for technical or administrative reasons).
- 19.2 Should the Issuer want to replace the Agent, it may convene a Noteholders' Meeting in accordance with Clause 19.1 with a copy to the Agent. After a request from the Noteholders pursuant to Clause 22.4.3, the Issuer shall no later than five (5) Business Days after receipt of such request (or such later date as may be necessary for technical or administrative reasons) convene a Noteholders' Meeting in accordance with Clause 19.1.
- 19.3 The notice pursuant to Clause 19.1 shall include (i) time for the meeting, (ii) place for the meeting, (iii) agenda for the meeting (including each request for a decision by the Noteholders) and (iv) a form of power of attorney. Only matters that have been included in the notice may be resolved upon at the Noteholders' Meeting. Should prior notification by the Noteholders be required in order to attend the Noteholders' Meeting, such requirement shall be included in the notice.
- 19.4 The Noteholders' Meeting shall be held no earlier than fifteen (15) Business Days and no later than thirty (30) Business Days from the notice.
- 19.5 Without amending or varying these Terms and Conditions, the Agent may prescribe such further regulations regarding the convening and holding of a Noteholders' Meeting as the Agent may deem appropriate. Such regulations may include a possibility for Noteholders to vote without attending the meeting in person.

20 Written Procedure

- 20.1 The Agent shall instigate a Written Procedure no later than five (5) Business Days after receipt of a request from the Issuer or the Noteholder(s) (or such later date as may be necessary for technical or administrative reasons) by sending a communication to each such person who is registered as a Noteholder on the Record Date prior to the date on which the communication is sent.
- 20.2 Should the Issuer want to replace the Agent, it may send a communication in accordance with Clause 20.1 to each Noteholder with a copy to the Agent.

20.3 A communication pursuant to Clause 20.1 shall include (i) each request for a decision by the Noteholders, (ii) a description of the reasons for each request, (iii) a specification of the Business Day on which a person must be registered as a Noteholder in order to be entitled to exercise voting rights, (iv) instructions and directions on where to receive a form for replying to the request (such form to include an option to vote yes or no for each request) as well as a form of power of attorney, and (v) the stipulated time period within which the Noteholder must reply to the request (such time period to last at least fifteen (15) Business Days from the communication pursuant to Clause 20.1). If the voting shall be made electronically, instructions for such voting shall be included in the communication.

20.4 When the requisite majority consents of the total Adjusted Nominal Amount pursuant to Clauses 18.5 and 18.6 have been received in a Written Procedure, the relevant decision shall be deemed to be adopted pursuant to Clause 18.5 or 18.6, as the case may be, even if the time period for replies in the Written Procedure has not yet expired.

21 Amendments and Waivers

21.1 The Issuer and the Agent (acting on behalf of the Noteholders) may agree to amend the Finance Documents or waive any provision in a Finance Document, provided that:

- (a) such amendment or waiver is not detrimental to the interest of the Noteholders, or is made solely for the purpose of rectifying obvious errors and mistakes;
- (b) such amendment or waiver is required by applicable law, a court ruling or a decision by a relevant authority; or
- (c) such amendment or waiver has been duly approved by the Noteholders in accordance with Clause 18 (*Decisions by Noteholders*).

21.2 The consent of the Noteholders is not necessary to approve the particular form of any amendment to the Finance Documents. It is sufficient if such consent approves the substance of the amendment.

21.3 The Agent shall promptly notify the Noteholders of any amendments or waivers made in accordance with Clause 21.1, setting out the date from which the amendment or waiver will be effective, and ensure that any amendments to the Finance Documents are published in the manner stipulated in Clause 11.3 (*Publication of Finance Documents*). The Issuer shall ensure that any amendments to the Finance Documents are duly registered with the CSD and each other relevant organisation or authority.

21.4 An amendment to the Finance Documents shall take effect on the date determined by the Noteholders Meeting, in the Written Procedure or by the Agent, as the case may be.

22 Appointment and Replacement of the Agent

22.1 Appointment of Agent

22.1.1 By subscribing for Notes, each initial Noteholder appoints the Agent to act as its agent in all matters relating to the Notes and the Finance Documents, and authorises the Agent to act on its behalf (without first having to obtain its consent, unless such

consent is specifically required by these Terms and Conditions) in any legal or arbitration proceedings relating to the Notes held by such Noteholder. By acquiring Notes, each subsequent Noteholder confirms such appointment and authorisation for the Agent to act on its behalf.

- 22.1.2 Each Noteholder shall immediately upon request provide the Agent with any such documents, including a written power of attorney (in form and substance satisfactory to the Agent), that the Agent deems necessary for the purpose of exercising its rights and/or carrying out its duties under the Finance Documents. The Agent is under no obligation to represent a Noteholder which does not comply with such request.
- 22.1.3 The Issuer shall promptly upon request provide the Agent with any documents and other assistance (in form and substance satisfactory to the Agent), that the Agent deems necessary for the purpose of exercising its rights and/or carrying out its duties under the Finance Documents.
- 22.1.4 The Agent is entitled to fees for its work and to be indemnified for costs, losses and liabilities on the terms set out in the Finance Documents and the Agency Agreement and the Agent's obligations as Agent under the Finance Documents are conditioned upon the due payment of such fees and indemnifications.
- 22.1.5 The Agent may act as agent or trustee for several issues of securities issued by or relating to the Issuer and other Group Companies notwithstanding potential conflicts of interest.

22.2 Duties of the Agent

- 22.2.1 The Agent shall represent the Noteholders in accordance with the Finance Documents, including, *inter alia*, holding the Security provided pursuant to the Pledge Agreements on behalf of the Noteholders and, where relevant, enforcing the Security provided pursuant to the Pledge Agreements on behalf of the Noteholders. Except as specified in Clause 4 (*Conditions for disbursement*), the Agent is not responsible for the execution or enforceability of the Finance Documents.
- 22.2.2 When acting in accordance with the Finance Documents, the Agent is always acting with binding effect on behalf of the Noteholders. The Agent shall carry out its duties under the Finance Documents in a reasonable, proficient and professional manner, with reasonable care and skill.
- 22.2.3 The Agent is entitled to delegate its duties to other professional parties, but the Agent shall remain liable for the actions of such parties under the Finance Documents.
- 22.2.4 The Agent shall treat all Noteholders equally and, when acting pursuant to the Finance Documents, act with regard only to the interests of the Noteholders and shall not be required to have regard to the interests or to act upon or comply with any direction or request of any other person, other than as explicitly stated in the Finance Documents.
- 22.2.5 The Agent is entitled to engage external experts when carrying out its duties under the Finance Documents. The Issuer shall on demand by the Agent pay all costs for external experts engaged after the occurrence of an Event of Default, or for the purpose of investigating or considering (i) an event which the Agent reasonably

believes is or may lead to an Event of Default or (ii) a matter relating to the Issuer which the Agent reasonably believes may be detrimental to the interests of the Noteholders under the Finance Documents. Any compensation for damages or other recoveries received by the Agent from external experts engaged by it for the purpose of carrying out its duties under the Finance Documents shall be distributed in accordance with Clause 17 (*Distribution of proceeds*).

22.2.6 Notwithstanding any other provision of the Finance Documents to the contrary, the Agent is not obliged to do or omit to do anything if it would or might in its reasonable opinion constitute a breach of any law or regulation.

22.2.7 If in the Agent's reasonable opinion the cost, loss or liability which it may incur (including reasonable fees to the Agent) in complying with instructions of the Noteholders, or taking any action at its own initiative, will not be covered by the Issuer, the Agent may refrain from acting in accordance with such instructions, or taking such action, until it has received such funding or indemnities (or adequate Security has been provided therefore) as it may reasonably require.

22.2.8 The Agent shall give a notice to the Noteholders (i) before it ceases to perform its obligations under the Finance Documents by reason of the non-payment by the Issuer of any fee or indemnity due to the Agent under the Finance Documents or the Agency Agreement or (ii) if it refrains from acting for any reason described in Clause 22.2.7.

22.3 **Limited liability for the Agent**

22.3.1 The Agent will not be liable to the Noteholders for damage or loss caused by any action taken or omitted by it under or in connection with any Finance Document, unless directly caused by its negligence or willful misconduct. The Agent shall never be responsible for indirect loss.

22.3.2 The Agent shall not be considered to have acted negligently if it has acted in accordance with advice from or opinions of reputable external experts engaged by the Agent or if the Agent has acted with reasonable care in a situation when the Agent considers that it is detrimental to the interests of the Noteholders to delay the action in order to first obtain instructions from the Noteholders.

22.3.3 The Agent shall not be liable for any delay (or any related consequences) in crediting an account with an amount required pursuant to the Finance Documents to be paid by the Agent to the Noteholders, provided that the Agent has taken all necessary steps as soon as reasonably practicable to comply with the regulations or operating procedures of any recognized clearing or settlement system used by the Agent for that purpose.

22.3.4 The Agent shall have no liability to the Noteholders for damage caused by the Agent acting in accordance with instructions of the Noteholders given in accordance with Clause 18 (*Decisions by Noteholders*) or a demand by Noteholders given pursuant to Clause 16.1.

22.3.5 Any liability towards the Issuer which is incurred by the Agent in acting under, or in relation to, the Finance Documents shall not be subject to set-off against the obligations of the Issuer to the Noteholders under the Finance Documents.

22.4 Replacement of the Agent

- 22.4.1 Subject to Clause 22.4.6, the Agent may resign by giving notice to the Issuer and the Noteholders, in which case the Noteholders shall appoint a successor Agent at a Noteholders' Meeting convened by the retiring Agent or by way of Written Procedure initiated by the retiring Agent.
- 22.4.2 Subject to Clause 22.4.6, if the Agent is Insolvent, the Agent shall be deemed to resign as Agent and the Issuer shall within ten (10) Business Days appoint a successor Agent which shall be an independent financial institution or other reputable company which regularly acts as agent under debt issuances.
- 22.4.3 A Noteholder (or Noteholders) representing at least ten (10) per cent. of the Adjusted Nominal Amount may, by notice to the Issuer (such notice may only be validly given by a person who is a Noteholder on the Business Day immediately following the day on which the notice is received by the Issuer and shall, if given by several Noteholders, be given by them jointly), require that a Noteholders' Meeting is held for the purpose of dismissing the Agent and appointing a new Agent. The Issuer may, at a Noteholders' Meeting convened by it or by way of Written Procedure initiated by it, propose to the Noteholders that the Agent be dismissed and a new Agent appointed.
- 22.4.4 If the Noteholders have not appointed a successor Agent within ninety (90) days after (i) the earlier of the notice of resignation was given or the resignation otherwise took place or (ii) the Agent was dismissed through a decision by the Noteholders, the Issuer shall appoint a successor Agent which shall be an independent financial institution or other reputable company which regularly acts as agent under debt issuances.
- 22.4.5 The retiring Agent shall, at its own cost, make available to the successor Agent such documents and records and provide such assistance as the successor Agent may reasonably request for the purposes of performing its functions as Agent under the Finance Documents.
- 22.4.6 The Agent's resignation or dismissal shall only take effect upon the appointment of a successor Agent and acceptance by such successor Agent of such appointment and the execution of all necessary documentation to effectively substitute the retiring Agent.
- 22.4.7 Upon the appointment of a successor, the retiring Agent shall be discharged from any further obligation in respect of the Finance Documents but shall remain entitled to the benefit of the Finance Documents and remain liable under the Finance Documents in respect of any action which it took or failed to take whilst acting as Agent. Its successor, the Issuer and each of the Noteholders shall have the same rights and obligations amongst themselves under the Finance Documents as they would have had if such successor had been the original Agent.
- 22.4.8 In the event that there is a change of the Agent in accordance with this Clause 22.4, the Issuer shall execute such documents and take such actions as the new Agent may reasonably require for the purpose of vesting in such new Agent the rights, powers and obligation of the Agent and releasing the retiring Agent from its further obligations under the Finance Documents and the Agency Agreement. Unless the Issuer and the new Agent agrees otherwise, the new Agent shall be entitled to the same fees and the same indemnities as the retiring Agent.

23 Appointment and Replacement of the Issuing Agent

- 23.1 The Issuer appoints the Issuing Agent to manage certain specified tasks under these Terms and Conditions and in accordance with the legislation, rules and regulations applicable to and/or issued by the CSD and relating to the Notes.
- 23.2 The Issuing Agent may retire from its assignment or be dismissed by the Issuer, provided that the Issuer has approved that a commercial bank or securities institution approved by the CSD accedes as new Issuing Agent at the same time as the old Issuing Agent retires or is dismissed. If the Issuing Agent is Insolvent, the Issuer shall immediately appoint a new Issuing Agent, which shall replace the old Issuing Agent as issuing agent in accordance with these Terms and Conditions.

24 No Direct Actions by Noteholders

- 24.1 A Noteholder may not take any steps whatsoever against the Issuer to enforce or recover any amount due or owing to it pursuant to the Finance Documents, or to initiate, support or procure the winding-up, dissolution, liquidation, company reorganisation (*företagsrekonstruktion*) or bankruptcy (*konkurs*) (or its equivalent in any other jurisdiction) of the Issuer in relation to any of the liabilities of the Issuer under the Finance Documents.
- 24.2 Clause 24.1 shall not apply if the Agent has been instructed by the Noteholders in accordance with the Finance Documents to take certain actions but fails for any reason to take, or is unable to take (for any reason other than a failure by a Noteholder to provide documents in accordance with Clause 22.1.2), such actions within a reasonable period of time and such failure or inability is continuing. However, if the failure to take certain actions is caused by the non-payment by the Issuer of any fee or indemnity due to the Agent under the Finance Documents or the Agency Agreement or by any reason described in Clause 22.2.7, such failure must continue for at least forty (40) Business Days after notice pursuant to Clause 22.2.8 before a Noteholder may take any action referred to in Clause 24.1.
- 24.3 The provisions of Clause 24.1 shall not in any way limit an individual Noteholder's right to claim and enforce payments which are due to it under Clause 10.5 (*Mandatory repurchase due to a Change of Control Event (put option)*) or other payments which are due by the Issuer to some but not all Noteholders.

25 Prescription

- 25.1 The right to receive repayment of the principal of the Notes shall be prescribed and become void ten (10) years from the Redemption Date. The right to receive payment of interest (excluding any capitalised interest) shall be prescribed and become void three (3) years from the relevant due date for payment. The Issuer is entitled to any funds set aside for payments in respect of which the Noteholders' right to receive payment has been prescribed and has become void.
- 25.2 If a limitation period is duly interrupted in accordance with the Swedish Act on Limitations (*preskriptionslag (1981:130)*), a new limitation period of ten (10) years with respect to the right to receive repayment of the principal of the Notes, and of three (3) years with respect to receive payment of interest (excluding capitalised

interest) will commence, in both cases calculated from the date of interruption of the limitation period, as such date is determined pursuant to the provisions of the Swedish Act on Limitations.

26 Notices and Press releases

26.1.1 Any notice or other communication to be made under or in connection with the Finance Documents:

26.1.3 Failure to send a notice or other communication to a Noteholder or any defect in it shall not affect its sufficiency with respect to other Noteholders.

26.2 Press releases

26.2.1 Any notice that the Issuer or the Agent shall send to the Noteholders pursuant to Clauses 10.3 (*Voluntary total redemption (call option)*), 10.4 (*Early redemption due to illegality (call option)*), 11.1.2, 16.3, 18.15, 19.1, 20.1 and 21.3 shall also be published by way of press release by the Issuer or the Agent, as applicable.

26.2.2 In addition to Clause 26.2.1, if any information relating to the Notes or the Group contained in a notice the Agent may send to the Noteholders under these Terms and Conditions has not already been made public by way of a press release, the Agent shall before it sends such information to the Noteholders give the Issuer the opportunity to issue a press release containing such information. If the Issuer does not promptly issue a press release and the Agent considers it necessary to issue a press release containing such information before it can lawfully send a notice containing

such information to the Noteholders, the Agent shall be entitled to issue such press release.

27 Force Majeure and Limitation of Liability

- 27.1 Neither the Agent nor the Issuing Agent shall be held responsible for any damage arising out of any legal enactment, or any measure taken by a public authority, or war, strike, lockout, boycott, blockade or any other similar circumstance (a “**Force Majeure Event**”). The reservation in respect of strikes, lockouts, boycotts and blockades applies even if the Agent or the Issuing Agent itself takes such measures, or is subject to such measures.
- 27.2 The Issuing Agent shall have no liability to the Noteholders if it has observed reasonable care. The Issuing Agent shall never be responsible for indirect damage with exception of gross negligence and wilful misconduct.
- 27.3 Should a Force Majeure Event arise which prevents the Agent or the Issuing Agent from taking any action required to comply with these Terms and Conditions, such action may be postponed until the obstacle has been removed.
- 27.4 The provisions in this Clause 27 apply unless they are inconsistent with the provisions of the Financial Instruments Accounts Act which provisions shall take precedence.
